BJA Building Analytical Capacity
Crime Analysis Webinar Recordings

The International Association of Directors of Law Enforcement Standards and Training (IADLEST) provides a series of **free** interactive online workshops in which agency teams of executives, commanders, and analysts create customized action plans to address specific crime analysis challenges within their departments. The webinars assist executives and their teams in identifying how to support actionable analysis within their own departments and use that analysis to drive operations. The topic areas are consistent with the IADLEST Intensive 2-Day Workshops. The webinars are recorded, so students may access them after the presentation.
